

Adjustable Steel Cable - Lockout Tagout - Style 11

STORE SKU

ASC011

Retractable cable lockout with a 2.8 m plastic cable and a reeling mechanism that takes up slack automatically.

TECHNICAL DATA

- **Material:** ABS plastic - cable plastic
- **Cable length:** 2.8 m
- **Cable diameter:** 3.3 mm
- **Lockout points:** 4
- **Padlock hole diameter:** 8 mm
- **Colour:** red
- **Operating temperature:** -20°C to 90°C

APPLICATION

The cable threads through valve handwheels, levers and gate handles, and the reel takes up the slack rather than the cable being pulled tight by hand. Takes 4 padlocks through 8 mm holes, accepting the 6 mm shackles of the padlocks in this range. Rated for use from -20 to 90 degrees Celsius.
