

Adjustable Steel Cable - Lockout Tagout - Style 4

STORE SKU
ASC004

Adjustable cable lockout with a 2 m plastic coated steel cable, taking up to 8 padlocks for larger work groups.

TECHNICAL DATA

- **Material:** durable ABS plastic/insulated plastic coated steel cable
- **Cable length:** 2 m
- **Cable diameter:** 3.8 mm
- **Lockout points:** 8
- **Padlock hole diameter:** 8 mm
- **Colour:** red

APPLICATION

The cable threads through valve handwheels, levers and gate handles, and is pulled tight to the length needed. Takes 8 padlocks through 8 mm holes, more than the other cable lockouts in this range, accepting the 6 mm shackles of the padlocks in this range. The cable is steel under a plastic coating.
