SIZES AND STORE SKUS

Small **UGV001** Medium **UGV002** Large **UGV003**

APPLICATION

Clamps to the valve handle and provides the lockout point. The small size fits handles up to 25 mm wide and 15 mm thick, the medium up to 40 mm wide and 28 mm thick, and the large up to 40 mm wide and 45 mm thick. Supplied as the clamp alone, for isolations where a blocking arm is not needed.
