

LOTO Padlock - Brass - 25mm

STORE SKU
LOTO047

Padlock with a solid brass body and stainless steel shackle, for lockout points exposed to moisture or corrosive atmospheres.

TECHNICAL DATA

- **Material:** brass, stainless steel shackle
- **Shackle diameter:** 6.2 mm
- **Body dimensions (L x W):** 40 mm x 32.5 mm
- **Keying:** keyed different, keyed alike

APPLICATION

The 6.2 mm shackle fits the 10.5 mm padlock holes on the steel safety hasp and the 7.5 mm holes on the clamp-on lockouts in this range. Brass and stainless steel resist corrosion in wet and washdown areas. Body and shackle are metal; the LOTO Padlock - Nylon - 38mm is the equivalent where an insulated padlock is specified.
