

LOTO Padlock - Brass - 60mm

STORE SKU
LOTO048

Padlock with a solid brass body and a long stainless steel shackle, for lockout points exposed to moisture or corrosive atmospheres.

TECHNICAL DATA

- **Material:** brass, stainless steel shackle
- **Shackle diameter:** 6.2 mm
- **Body dimensions (L x W):** 40 mm x 32.5 mm
- **Keying:** keyed different, keyed alike

APPLICATION

The longer shackle reaches through thicker hasps and around larger fittings than the 25 mm version. The 6.2 mm shackle fits the 10.5 mm padlock holes on the steel safety hasp and the 7.5 mm holes on the clamp-on lockouts in this range. Body and shackle are metal; the LOTO Padlock - Nylon - 38mm is the equivalent where an insulated padlock is specified.
